

Rackmount your SonicWall

SonicWall provides very good performing devices for small and medium sized businesses; however these are desktop models. These days businesses move to 19 inch racks and the new SWRack kits are excellent to fit SonicWall devices into 19 inch cabinets.

The SonicWall model RM-SW-T4 has 8 connections accessible on the front including the console connection.
The unit is 1U high.

Assembly will take about 5 minutes. Simply slide your SonicWall device in the kit, place the retainers and connect the supplied cables to the keystones.

The RM-SW-T1 is a rack mount kit for the SonicWall TZ 210, Sonicwall TZ 215 and the Sonicwall NSA220 model.

The RM-SW-T2 is a rack mount kit for the SonicWall NSA 240 and the SonicWall NSA 250 model.

The RM-SW-T4 kit is an excellent add-on to place your high performance SonicWall in a 19 inch rack.

The RM-SW-T5 is a rack mount kit for the SonicWall Tz500

The RM-SW-T6 is a rack mount kit for the SonicWall Tz600
