

Rackmount your KerioRack

Kerio provides very good performing devices for small and medium sized businesses; however these are desktop models. These days business move to 19 inch racks and the RM-KR-T1 is excellent to fit small Kerio devices into 19 inch cabinets.

The KerioRack kit is an excellent add-on to place your high performance Kerio in a 19 inch rack. The unit is mounted in such a way that all connections are facing forwards. The RM-KR-T1 unit is 1U high.

Assembly will take about 5 minutes. Simply slide your Kerio device in the kit and place the retainers. Kerio kits are delivered in RAL 9006 (Silver). Other colors can be delivered on project basis.
